Gifts from God

"Gifts from God"
Psalm 139:13-21
Â

"You knit me together in my mother's womb...your eyes saw my unformed body". Soft white, individual beads, encased in pockets of organza, represent the miracle of life....God's Hand at work in utter seclusion.

This beautiful pillow, tied with an oversized organza bow as a sign of purity, points to the "gift" children are to their parents, and can later be used as a ring bearer's pillow when these "gifts from God" are united in marriage. Like David, we praise Him because we truly are "fearfully and wonderfully made."

One of our most treasured baby gifts! Pillow size is approximately 10" X 12" (Not including 4" ruffle on each end)
